Now with EDI!

Intelligent | Mobile | Easy

EZ MED EDI

The EZMed EDI functionality enables your practice to increase revenue by increasing payment collection and reducing account administration and non-payment.

The following features are included in the EDI component of EZMed:

- Eligibility Checks
- Family Checks
- On Demand Switching
- Reporting on EDI Transactions

EZMed serves as an all-encompassing one-stop practice solution that enables your practice to consolidate its various financial and administration requirements into one intelligent, mobile and easy solution.
